Shanghai RagenTek Launches Smartphone Powered by Intrinsic's Soleus™ Software Platform

Vancouver, BC – October 10, 2008 – Intrinsic Software International, Inc. (TSX: ICS), a global wireless software solutions provider, today announced that Shanghai RagenTek Communication Technology Co. Ltd., a leading GSM/GPRS and Smartphone solution provider, has launched a Smartphone named “Cronos” in China incorporating Intrinsic's Soleus™ software platform. This represents the first Soleus-based product launched by Intrinsic's silicon vendor customer previously announced in November 2007. Soleus is a complete mobile software platform, with pre-certified telephony and a large applications portfolio, which enables mobile and portable device makers to rapidly develop and deploy an array of wireless consumer devices. Built on Windows Embedded CE, the flexible Soleus software platform allows numerous feature-set variations to meet the requirements of multiple handheld and handset designs and form factors. Soleus takes a modular approach to configuring handset software with a standard set of software components and enables device makers to reduce development costs, build mobile handsets faster and incur less risk.

About Intrinsic Software International, Inc.

Intrinsic provides wireless software solutions that enable next-generation handheld products, including mobile handsets, smart phones, and converged devices. The company's software products include the Soleus™ software platform for consumer device development and the recently acquired Destinator® GPS/navigation technologies. Combined with award winning engineering services and years of systems integration expertise, these solutions help device makers, service providers, and silicon vendors deliver compelling wireless products with faster time-to-market and improved development cost. Intrinsic is a Microsoft® Windows Embedded Gold Partner and a winner of Windows Embedded Excellence Awards in 2007 and 2008, a Symbian Competence Center and Symbian Platinum Partner. Intrinsic is publicly traded (TSX:ICS) and headquartered in Vancouver, Canada, with offices in China, Israel, Taiwan, U.K., and the United States.
